LIBRARIES/Frameworks

React.js, Node.js, Express.js

TOOLS / PLATFORMS

VS Code, Git, Github

DATABASES

MongoDB

PROJECTS / OPEN-SOURCE

BLUE WAVE WEB APPLICATION | [LINK](#)

React.js/Node.js/Express.js/MongoDB

1. Developed a feature-rich platform for swimming enthusiasts using **React.js** as the front-end and **Node.js** , **Express.js** , and **MongoDB** as the back-end.
2. Implemented user-friendly features such as easy pool slot booking and chatting with trainers to enhance the user experience.
3. Designed and integrated an interactive dashboard for administrators and trainers to manage pool details, profiles, and training schedules
4. Implemented a feedback system for users to share their experience and report issues, improving overall service quality.
5. Integrated **Razorpay** for secure and efficient payment processing.

MY PORTFOLIO | [LINK](#)

React/CSS/JavaScript

1. Developed a responsive portfolio website to showcase my skills, projects, and experience, ensuring a seamless browsing experience on both desktop and mobile..
2. My portfolio provides an organized overview of my expertise in web development, highlighting technologies like React.js, HTML, CSS, and JavaScript. It also includes details of my internship
3. Added a About section to share my learning journey, experiences, and insights on web development, enabling visitors to connect with my passion for technology and continuous learning.
